Better Health—More Energy

Full of vitality and energy—
untiring and happy—all day long.

That is **HEALTH**. That is the kind of health and nerve-strength Sanatogen will give you. A well-known physician explains the action of Sanatogen in these words:

"Sanatogen is a steadily acting tonic-food, and it acts in a natural and physiological manner—recreating cells which have been broken down or devitalized by illness or overwork and building up new cells where these are needed. There is no jerry-building about Sanatogen; what it does is to go straight to the core of well-being—the cells—and to build these up one by one into a permanent and solid fabric of health."

It is because of these cell-building properties that Sanatogen makes people thoroughly healthy.

Start a course of Sanatogen to-day, and in a few weeks you will notice its wonderful influence on your own health.

HONG KONG TRADE

SMALL ORDERS IN PIECE-GOODS

The following reports are published in the current issue of the fortnightly bulletin issued by the Hong Kong General Chamber of Commerce—

Cotton Piece Goods.

Further business is reported in certain standard lines of Spring Fancies but the orders are not large. Some important lots of Black Cumbries have been sold but the quantities are below normal, owing to the heavy carry-over. There has been some movement in Grey and White Shirtings, with rather more enquiry for "Spot" cargo. The threat of a spinners' strike in Lancashire is likely to cause some uncertainty regarding shipments, unless a stoppage is averted.

The new standard form of Textiles contract was unanimously approved and adopted by Hong Kong importers, at a meeting held at the Chamber of Commerce on October 3.

The latest Cotton prices to hand are those of the 14th inst.—Mid. American "Spot," 5.43d.; Egyptian Sakel, F.G.F., "Spot," 7.97d.

Woolens.

Clearances of newly arrived woolen goods are improving but it is still too early to form an opinion of the market, although indications both in Hong Kong and Canton are not unfavourable.

The market for Wool Yarns is not satisfactory and prices are unduly depressed owing to large stocks. However, replacing costs are considerably above local values and prices should improve when there is more demand. Trade in Rayon Yarn is handicapped by the new import tax at Canton, which amounts to nearly 25 per cent. of the value.

MESSRS. G. A. HARRIMAN'S REPORT

QUIETER TENDENCY LAST WEEK.

A rather quieter tendency prevailed during the week under review with only a few minor fluctuations in rates to record. Cements eased to \$14.30 at the close after business had been done at \$14.50 to \$14.80. Hotels were the steady feature of the market with a fair business done around \$12.20. Realities were required for at \$20.35, and Providents (Old) at \$4.00. Investment stocks were steady throughout with Trams in demand at \$22.00 and Lands at \$70. Electrics were done at \$77.00. Although Exchange remained much the same sterling dividend stocks were better with Banks bid up at \$1,025.00, and Unions to \$505.00. November business will be in full swing next week when trading conditions will most probably improve on a free market, in the meantime the tone is somewhat quiet.

Banks.—Hong Kong Banks were in demand at \$1,025.00 after business done at \$1,010.00. Bank of East Asia continued in request at \$108.00.

Insurances.—Unions changed hands at \$505.00. China Underwriters were wanted at \$2.95.

Shipping.—Union Waterboats remained in demand at \$20.

Docks, Wharves and Godowns.—Wharves were still wanted at \$145. Providents (Old) were transacted at \$4.00 and there were further buyers at \$4.55.

Hotels and Real Estate.—Hotels (Old) were the medium of a fairly large turnover at \$12.20/30 and more shares could be placed at the former rate. Hong Kong Lands changed hands at \$70/70, closing in demand at \$70.00. Hong Kong Realities were dealt in at \$20.00, further buyers prevailing.

Cotton Mills.—Ewo were the medium of a fair turnover at Tls. 14.40/70 closing slightly easier at Tls. 14 1/2.

Public Utilities.—Tramways were acquired for at \$21.30 at which rate some shares changed hands. Star Ferries were in demand at \$31 without attracting any sellers. China Lights (Old) after having been done at \$17.60/18.00 were easier at the close at \$17.60. Electrics were wanted at \$74 sellers asking \$77.00. Telephones (P.P.) could be obtained at \$27 1/2.

Miscellaneous.—Cements were put through in quantity at \$14/14.60. Ropes remained quiet at \$12.60. Dairy Farms could fetch buyers at \$27 1/2. Lane, Crawfords were sought for at \$5.

Forward Settlement Days.—25th October, 25th November and 20th December.

RAID ON U.S. GOLD

ANOTHER ATTACK STATED TO BE IMMINENT

PREPARATIONS BY TREASURY

Washington, Oct. 8.—The United States Treasury is prepared to meet another concerted raid on the national gold supplies which is reported to be in preparation abroad, officials of that department said today in discussing the weakness of the American dollar in relation to the franc.

In the absence of Secretary Ogden Mills who is on the Pacific coast, campaigning for President Herbert Hoover, junior officials admitted reports had reached them that another raid was under way.

The American gold position is impregnable, they declared and even the most concerted foreign raid would be unavailing.

"The technical conditions of banks in the United States show conclusively that the flow of gold is now inward rather than outward," one official said. "We believe the trend will continue indefinitely."

While in some quarters there is a belief that President Hoover's des Moines speech, revealing that the United States was near the point of forced abandonment of the gold standard last summer, had encouraged foreign financiers to attempt another attack, officials did not mention that phase of the situation.

All expressed complete confidence in the ability of the United States to withstand a new gold raid.

Hoover Revelations.

Simultaneously with the treasury discussion of the gold situation Senator Carter Glass, former Secretary of the Treasury and the Democratic Party's leading financial expert sharply protested President Hoover's revelations in Des Moines. He described them as "astounding."

Senator Glass said that absolutely nothing was done by the administration to ward off any such disaster as the President said threatened the country at that time.

Nor did any time last spring or summer, express the slightest concern for the gold standard. All the Administration statements were designed to calm the fears of the public and of Congress, he said.

The Senator recalled that while the President was disturbed about raids on the dollar, his proposed remedies were not of a kind that would assist in maintaining the gold standard. He referred to the President's relief programme of giving the Reconstruction Finance Corporation a credit extension of \$3,000,000 to be loaned to states for their individual relief measures.

Excise Tax.

This proposal was made by the President in a sudden and dramatic appearance before Congress. At that time he proposed a general manufacturers' excise tax and a number of economies.

Some of these remedies, if they were designed to preserve the gold standard would have had just the opposite effect, Senator Glass said.

"Many of them were utterly unsound and desperate devices which would have driven the country off the gold standard if they

RUBBER DIRECTORS' FEES

A REDUCTION IN SIGHT?

From correspondence to the Times there would seem to be a growing impression among shareholders in rubber plantation companies that as a whole rubber company directors are not submitting to as great a reduction in their fees as might be expected having regard to the unexampled depression which now prevails in the industry. In many instances, however, boards of directors have already appreciably reduced their fees. The plight of the shareholders, who are suffering heavy reductions in their incomes through the inability of rubber-planting companies to pay dividends, and also the hardship which it has been necessary to inflict on the staffs in the East alike give grounds for expectations of sacrifice on the part of directors.

There seems no likelihood that rubber will ever return to prices which would enable plantation companies, even allowing for reduced working costs, to earn profits and dividends comparable with those of the pioneer years. Therefore, it would appear certain that the industry will undergo a gradual process of rationalization, which, among other things, will itself bring about a considerable saving in directors' fees.

Owing to the large number of small units in the industry the sum required for directors' fees is in the aggregate too large, and by voluntary reductions on the part of directors and a decrease in the number of directorates as a result of fusions and amalgamations the total sum required for directors' fees will probably be materially reduced in the course of the next few years.

BRITISH INDUSTRIES FAIR

RECORD APPLICATIONS FOR SPACE NEXT YEAR.

Record applications for space at the British Industries Fair next February are announced by the Department of Overseas Trade.

Seven hundred and five exhibitors have applied for 270,674 sq. ft. at Olympia and the Court of Honour at the White City, where furniture is to be shown next year. The figure is an increase of 80,000ft. compared with the corresponding period a year ago, and the area applied for in both the furniture section and the leather goods section already exceeds the total areas occupied by each at the last Fair. In the textile section at the White City 127 exhibitors have applied for 74,154 sq. ft. of space, and 90 per cent. of the available space at Castle Bromwich is now let.

had been enacted into law," he continued. "Our country's currency would have been greatly weakened and the banks would have been permitted to unload ineligible assets and dump them into the lap of the Federal Reserve system."

The Senator was of the opinion that the Administration, as well as the foreign banking interests, was responsible for the weak gold position.

BORDERERS ACCOUNT FOR CLUB IN ONE-SIDED MATCH

RECREIO FALL TO GUNNERS: ST. JOSEPH'S DEFEAT KOWLOON

No fewer than thirteen football matches were down for decision on Saturday, in which eight teams registered a blank.

Four games were played in the first division, but none could be properly described as being up to the usual standard of football.

The second division fared no better, and the best game of the day was in the third league between teams representing South China Athletic Association and the Taikoo Football Club. Practically all the first league matches were played to a very depleted gallery owing to the fact that no Chinese teams took the field.

DIVISION I.

Borderers v. Club.

The Borderers defeated the Hong Kong Football Club to the tune of seven goals to one.

From the kick-off the soldiers had things all their way, and in less than two minutes the first goal was scored by Davis after receiving the ball from the left wing.

Throughout the play in this half the Club forwards were sadly beaten; their passing being intercepted from all angles, and had it not been for the splendid work put up by their defence line, they would have suffered a greater defeat.

The second half saw the soldiers again pressing and Rodgers were kept on the move incessantly, but to no avail; Davis sending in a swift grounder which left Rodgers beaten, and thus registering the sixth goal almost two minutes after the re-play.

Nothing daunted the Club made a supreme effort to avert a goal-less defeat and their efforts were rewarded when Railton converted with a long drive. The soldiers retaliated and the seventh point was chalked when Pallister drove the ball into the net.

The two teams lined-up as under:—

H.K.F.C.:—Rodgers, Martin, S. Strange, Hynes, Skinner, A. Duncan, E. Duncan, Railton, E. Strange and Fowler.

S.W.B.:—Johnson, Milne, Morrison, Morgan, Cornwall, Williams, Pallister, Harris, Davis, Jones and Duncan.

Police v. Royal Navy.

At Caroline Hill, the Hong Kong Police trounced the Royal Navy by four clear goals. The game throughout was dull and in no way came up to the standard of first league play.

The Police drew first blood when Johnson netted with a grounder which gave no chance to Illot.

Shortly after the commencement of the second half, Illot was tested with a long drive from Williams.

He saved but hurt himself in the process, and whilst he was lying on the ground and before the referee could sound his whistle, Williams headed the ball in on the rebound, and thus registering the third.

Illot had to be carried away, and the Navy had to play with only one back, as the other was called upon to do custodian duty. It was a down and out team that opposed the Police at this stage, and the fourth goal was soon added when Cornwall sent in a swift one from the right.

The teams were:—

Hong Kong Police:—O. Pile, Blackburn, Dowman, Stephens, Channings, Brittain, Moss, T. Pile, Johnston, Williams, Cornwall.

Royal Navy:—Illot, Gilbert, Harvey, Robinson, Stephens, Burrows, Monger, Usher, Glass, Barnett and Cormack.

St. Joseph's v. Kowloon F.C.

Kowloon Football Club lost to St. Joseph's by two goals to nil.

Although losing by two clear goals, the Kowloon Football Club was by no means disgraced. Hard luck accompanied the players on more than one occasion.

T. Leonard opened the scoring for the Saints after some brisk exchanges. This had the effect of spurring Kowloon into a concerted action, but their efforts were always frustrated just at the psychological moment.

After having had the play centred on their domain for a long time, the Saints broke away; Gosano carrying the ball to midfield, where a splendid combination on the part of the forward and last goal of the day.

The second half saw both teams at their best. The ball was kept going from one end of the field to the other with neither side giving away ground. The whistle sounded with the score standing at 2 to nil in favour of the visitors.

The teams were:—

St. Joseph's:—Marques, Costa, Lawrence, Gomes, Victor, Fernandes, Delgado, Gosano, Leonard, Souza and Sabhan.

K.F.C.:—Curevitch, McKelvie, Wells, White, Whitefield, Bliss, Campbell, Hill, Mellens, Blake, Phillips.

Royal Artillery v. Recreio.

The Royal Artillery beat the Recreio by 6 goals to two.

The Portuguese players were outplayed in all departments, and the two goals which they managed to score must have flattered them.

From the commencement of the play, the Artillery carried the attack to their domain and after a scramble in front of the posts, Wood drew first blood. Soon after the second goal was added by Bryant.

The Artillery redoubled their efforts and before long Moore was able to register the third goal for his side.

After changing over, the Artillery kept on pressing and Moore was so well supported that he had no difficulty in piling up another two goals. The sixth goal was scored by Wood after a hectic scramble inside the penalty area.

The teams lined up as under:—

R.A.:—Cornby, Allen, Taylor, Collier, Pardoe, Rogers, Wood, Bryant, Moore, Walker.

Recreio:—A. Minnaret, P. M. Xavier, Britto, Remedios, Silva, Netto, Marjues, Santos, Rocha, Goncalves, Gomes and Gutteres.

DIVISION II.

Borderers v. St. Joseph's.

Playing in the second division, the Borderers proved too strong for the school boys whom they met on the Sookunpoo ground.

The match was a one-sided affair as the score would indicate. The soldiers were able to chalk up six goals to their credit without giving the Saints the chance to retaliate.

In the first half four goals were netted; Lakeman and Morris each claiming one and two went to Mathias. In the second half Morris and Hamblly scored one each.

Royal Navy v. Tsung Tsing

The Chinese players put up a splendid fight against a better team from the Royal Navy, and although they went down by 3 to 1, they were by no means disgraced.

The Tsung Tsing players who are new-comers in the League fought the sailors so thoroughly in the first half that no goals were scored in the first half. In the second frame, they slowed down and the Navy boys were able to net three times. Of these Warne claimed two and Martin one. Just before the whistle sounded, the Chinese were pressing and Wong Sing Sau was not to be defied; he eventually found the net with a long drive.

C.A.A. v. S.O.A.A.

The Athletics were too strong for the South China team whom they trounced by three clear goals. The game was rather a scratchy affair with the Athletics having things pretty well their own way.

From the kick-off the ball was transferred to the South China domain, where individual play on the part of Ko Fung Cheung enabled him to net the first goal. Lo Chai Wan also converted from a pass from the outside right.

In the second half the third goal was registered; this being put through by Chai Ping Shun of the South China team.

Ewo v. Eastern.

Another featureless game was witnessed when Ewo met the Eastern team yesterday. As far as football went, the match was a fiasco. The Ewo players were far too superior and were in control of the game from the start to the finish. No fewer than nine goals were piled on with Hoi Ying Tin registering one Au Ping Ming 2 in the first half.

In the second half Au again scored. Hong Chai Pau netted twice leaving the hat trick to Lai Hong Ho who scored three goals in rapid succession.

Royal Artillery v. Lincolns.

The latest entrants to the league—the Lincolnshire Light Infantry—were again defeated on Saturday when they met a team from the Royal Artillery. The newcomers, as a team, did not work together particularly their forward line.

The Royal Artillery started the game very shakily and went down by two clear goals in the first half. Splendid defence work saved them from a total collapse in this half.

Finding their stride, the Artillery men were not slow in scoring, and no fewer than four goals were registered.

Kowloon F.C. v. Hong Kong F.C.

The second string of the Hong Kong Football Club also met with defeat at the hands of the Kowloon F.C. The game was rather patchy and the score gives a fair indication of the run of the play.

Three goals were scored by the Kowloon team in the first half and two in the second. The Hong Kong players were only able to account for two in the second half.

DIVISION III.

St. Joseph's v. R.E.

In the third division, the St. Joseph's secured a victory over the Royal Engineers by three goals to nil.

Two goals were scored in the first half; the Castilio brothers sharing the points and O. M. Omar added the third in the second half. A penalty was awarded against the Engineers, but A. M. Omar who took the kick failed to convert.

S.W.B. v. Lincolns.

The Lincolnshire Light Infantry third-string also met with defeat on Saturday. They were opposed against the Borderers who piled on three goals against the new-comers.

For the winning side, Purcell scored the first goal after ten minutes of play. In the second half, Wood scored a second goal. (Continued at foot of next column.)

LINCOLNS BEAT CHINESE ATHLETIC

SPLENDID GAME AT HAPPY VALLEY

A splendid game was witnessed on the Club ground, Happy Valley yesterday when the Lincolnshire Regiment defeated the Chinese Athletic by three goals to two. There was a large crowd present, and in the opinion of many spectators yesterday's game was probably the most exciting on that ground for some time.

Early in the first half Baldry scored for the Lincolnshires putting the ball well into the corner of the net. The Chinese made repeated attempts after this, and a shot from Lee Wit hit the goal-post and bounced back into play; Heath quickly picking it up and booting it up the field.

A ding-dong battle ensued but the score remained the same at half-time, the soldiers leading one-nil.

The Second Half.

In the second half the Chinese opened aggressively and a brilliant attempt by Ho was bailed by Ash. The play then turned in the Lincolnshires' favour but despite repeated attempts by the inside and outside right, no further score was registered.

Suddenly Higgins got away and with Ridley and Harding on either side, he raced up the field, defeated the backs and scored with a shot, at no time more than twelve inches above the ground.

Immediately after, the centre, "Ginger," again got away but was this time foiled by Lem. The Lincolns again attacked, and, with a faultless forward line, it seemed impossible not to score, and with a splendid kick over his own head, almost resulted in Ridley scoring, but the ball hit the cross-bar and rolled down the back of the goal.

A further attempt was made, and this, Kirkham the outside right, taking a long shot defeated Wong three, nil, for the Lincolns.

Chinese Reply.

Then, with only ten minutes to go, the Chinese rallied! Taking the ball from his own goal mouth, Mak, the left back, raced down the field and tapped the ball past Heath into the "Line's" goal. Encouraged by this the Chinese pressed hard again, and, taking a pass from Chan on the left wing, Ho sent the ball spinning through the air to smack the corner of the net past Heath.

The last few seconds found everyone on their feet, those who thought they had lost and others who wondered if they could still maintain a lead, but the full time whistle went without any further score.

Teams.

Lincolnshire Regt.:—Heath; Turner, Ash; Bett, Barber, Cork; Kirkham, Ridley, Higgins, Harding, Baldry.

Chinese Athletic:—Wong; Leung, Mak; Lai, Lem, Ho; Lee, Lee, Ho, Yue, Chan.

Davis scored and before the whistle went Purcell registered the third point.

S.O.A.A. v. Taikoo.

Losing by one odd goal in three, the Taikoo team put up a sterling fight against the South China team on Saturday. The match was very evenly contested and was interesting. South China scored the first goal which was headed in by one of the Taikoo players. In the second half, South China netted three times, and Taikoo twice.

O.A.A. v. R.O. of S.

Only one goal was scored in the match between the Chinese Athletics and the Royal Corps of Signals. The first half resulted in a blank but in the second stanza Hui Yui Kong netted.

Recreio v. R.A.F.

As the score of 3 goals against two would indicate, this match played between the R.A.F. and the Recreio was very evenly contested. Both teams were well balanced and the spectators were treated to an excellent display of soccer seldom seen in a third division game.

HARBIN'S REIGN OF TERROR

AUDACIOUS COUP BY KIDNAPPERS

CAPTIVES WALKED THROUGH STREETS

Harbin, Sept. 25.—Harbin is living at present in a state of nervous tension, the constant kidnapping of Chinese and Russian residents, the dangers of travelling on the railway lines, the fear of bandits entering houses at any hour of the day and night, the constant passing up and down the streets of Japanese cavalry, infantry and artillery, the first named rumbling along the stone streets in the dead of night, all acting on the nerves and in many cases, causing panic, especially as the Japanese are taking great precautions to safeguard their own houses in the outskirts of the town. The result of all this is that rumours fly around everywhere and get greatly exaggerated as they pass from mouth to mouth, making matters worse than they actually are. Still the situation is bad enough, as there seems to be no end to the trouble in the country, for no sooner have the Japanese left some district, stating that they have cleared off all the bandits, than the men who are supposed to have been cleared off, return in still greater numbers and do still greater damage.

During Abduction.

Passengers who have arrived from Tsitsihar and who made attempts to travel along the Suipingkat-Taonan railway say that line is in a terrible condition, many villages having been burnt and looted, and all the towns practically destroyed. Yesterday the train from Tsitsihar to Harbin got into the firing line of the Chinese troops attacking various places, several bullets flying through the windows of the car in which Mr. Malgouff, the new member of the C.E.R. Board was travelling to take up his post here.

All round Harbin there are many bandits or former Chinese soldiers and for the last three nights, firing can be heard outside the town, from which it is supposed that the Japanese outposts are having skirmishes with those who wish to enter the town. There is also no doubt that there are many of these men in the town itself, ready to aid their friends outside as soon as an opportunity occurs. The boldness of the bandits is something appalling, most of their work being now carried on in broad daylight.

Yesterday afternoon three men entered a school in one of the main streets of the business centre, Skolnaya Street, walked into two of the classrooms, and at the revolver point, ordered two students of 19 and 20 years of age, sons of wealthy Chinese merchants, to follow them. The bandits forced them to walk down 200 yards down the street to Kitaiskaya, where they ordered them to enter a waiting motor car, driving off to New Town. The whole of the action was so quick that nobody seemed to understand what had happened, and in the street the passers-by, thought that the youths were being arrested. Even the policeman on the corner did not interfere, also not suspecting that the men were bandits, driving captives before them, while the two youths were too frightened to call out. There is no possibility of combating with such audacious men as these, whose open method of working disarms the suspicions of the police and public. In such circumstances, not forgetting the attack made on the Hong Kong and Shanghai Bank managers, it is no wonder that the Consular Body requested the Civil Administrator to supply better protection for the foreigners in the town, but the reply received from the Representative of the Manchukuo Foreign Office is, that the Consular Body had addressed their request to the wrong place, his being a political and not a civil matter, and that the Manchukuo authorities do not welcome such action on the part of the foreign consuls, considering the matter is within the competence of the Manchukuo Government, and nothing to do with the Consular Body.—N.C.D.

CONVICT LABOUR FOR ROADS

TO CLEAN KIANGSU'S CROWDED GAOLS.

Nanking, Oct. 11.—A suggestion that convict labour be employed for road-construction in Kiangsu as a means of solving the problem of congestion in the prisons has been made by the Ministry of Judicial Administration to the Kiangsu provincial Government.

According to the proposal, the Provincial Department of Reconstruction is to obtain detailed information from the various districts (hsiens) relative to the length of highways to be built and the number of labourers required, etc. Based upon such data, the Department will assign convicts for work in each district.

It is learnt that over 10,000 convicts serving sentences involving hard labour are available for this project. The jails in Kiangsu are said to be so crowded that work yards are insufficient to provide useful occupation for all the prisoners.—Kuo Min.

BANKS FOR RURAL AREAS

CHIANG KAI SHEK'S \$20 MILLION PLAN.

Nanking, Oct. 11.—To alleviate the plight of the farmers in the areas recently recovered from the "Reds," General Chiang Kai Shek, Commander-in-Chief of the Bandit suppression Forces for Honan, Hupeh, and Anhwei, is planning to establish rural banks in the four provinces of Kiangsi, Honan, Hupeh and Anhwei.

The plan as revealed by Mr. Wen Chun, member of the Kiangsi Provincial Government, who has returned here from Hankow following an interview with General Chiang, provides for the issue of a \$20 million agricultural loan to finance the project. The Provincial Governments concerned will be instructed to begin preparations for the organization of such institutions.—Kuo Min.

NANKING WATER-WORKS

Nanking, Oct. 8.—The modern waterworks system for the Capital is expected to be in operation by the end of this year despite repeated delays in the installation work due to financial difficulties.

According to information obtained from engineers in charge of the project, the reservoir on the Ching-liang Shan (Hill) is now more than one-third completed while the laying of pipes on the main streets is also in progress.—Kuo Min.

AVIATION IN KANSU

NEW LANDING FIELD STARTED.

Nanking, Oct. 11.—Work has commenced on a new landing field at Lanchow, Kansu, according to a telegram received by the Ministry of Communications from the Kansu Provincial Government.

The present field having been found inadequate, the Eurasia Aviation Corporation recently petitioned the Ministry for better landing facilities.

It is learnt that the Kansu Provincial authorities, fully appreciating the benefits Kansu will derive from the North-western Airway, have readily consented to help and have offered to defray all expenses in connection with the new landing field. Construction is now in progress under the supervision of the Provincial Department of Reconstruction.—Kuo Min.

J.C. MILLAR PROMINENT IN TRIAL GAME.

Hong Kong Rugby Club fielded two fifteens on Saturday afternoon for the first real practice match of the season. After a fast game with the forwards predominant and some very good passing movements the final score was 25 points to 8 points. J. C. Millar, played an excellent game throughout.

A change in the practice days of the Club is announced, and, commencing next week, practice games and training will take place on Tuesdays and Wednesdays instead of Mondays and Wednesday as previously arranged.

THE ROUND TABLE CLUB

PILGRIMAGE TO WINCHESTER.

London, Sept. 26.—The Knights of the Round Table Club made their annual pilgrimage to Winchester on Saturday. After visiting Winchester Castle, where King Arthur's Round Table has hung in the great hall for 600 years, the Knight President—Sir Arthur Shirley Benn, M.P.—his officers, knights and guests took luncheon at the Guildhall.
A carved oak model of the arms of the club, presented to the City of Winchester, was unveiled by the Knight President, and accepted by the Mayor, who was made a Knight.

EDUCATION CHANGES

FORECAST BY SIR MICHAEL SADLER

Sir Michael Sadler, Master of University College, Oxford, speaking at Rugby on Sept. 23 in the annual Frank Metcalfe Memorial Lecture, on the subject "Is a Change coming in Education?" said: "I hazard the conjecture that a change is coming, first on the Continent, then in Scotland, thirdly, in England. It will come slowly as Education is rightly conservative. One of its duties is to link the generations each with each. The change will come in our ideas of what a liberal education fitted for modern needs consists in; therefore, it will first touch secondary education, then it will affect the Universities and, ultimately, primary education.

The Continent will feel the change first because, especially France, they have gone the whole hog in secondary education. Scotland will move next, because Scotland is not happy about her education any more than Canada is happy about that part of her education which she owes to the thorough-going organization of Scottish superintendents.

We in England will come last, not because we are fundamentally more stupid than the Continent or than Scotland, but because for many centuries we have preferred an amalgam of opposites to a clean-cut ideology, and therefore in England, when it comes to the time of reform, we always find that there is an enormous amount of good intermixed with the system we find it necessary to change."

DANISH EXHIBITION TRUMPH

London, Sept. 21.—Business is already booming, a bicycle firm has sold 10,000 machines to Denmark, a London Company has sold \$1,000 worth of machine oil to a new electricity station, while another has completed a deal of approximately £1,200 before the exhibition opened. On the First Day, the Danish State Railway placed an order for 100,000 tons of British coal.

Your Hat!

Meeting a friend, his (or her) first glance is at your face... your head. So how's your hat?

Nothing can make a worse impression than a hat. Even a new hat. Then the hatter's to blame, for he has considered the size of your head and has forgotten that you've a face to go with it.

We are not that sort of hatter. The hat we sell you will be rightly yours. We're interested in you... not as a hat-rack, but as a man. Heads and faces constitute our little daily problems.

LAWN BOWLS CHAMPIONSHIP

AITKENHEAD SHIELD WON BY KOWLOON

The Competition of the Aitkenhead Shield at the Kowloon Bowling Green Club, on Saturday afternoon marked the close of the lawn bowls season. Kowloon gained revenge on Hong Kong by defeating last year's champions by 39 shots.

The previous winners of the Shield have been Kowloon, 1928; Kowloon, 1929; Kowloon, 1930; Hong Kong, 1931.

There was a large gathering of lawn bowls enthusiasts to watch the games, and amongst those taking part in the competition was His Excellency, the Hon. Mr. W. T. Southern, Officer Administering the Government, who skipped the team from the Royal Hong Kong Yacht Club.

Addressing the gathering, before calling upon Mrs. Southern to distribute the prizes Mr. A. O. Brown, the President of the Hong Kong Lawn Bowls Association, said it was probably the most successful season in the history of the Association. He congratulated the Craigengower C.C. on their success in both the Senior and Junior Divisions of the League; Mr. L. A. Gutierrez on winning the Open Singles Championship and Kowloon on winning the Aitkenhead Shield.

Mr. Brown went on to say that the new Open Singles Champion had signified his desire of presenting a Shield to the Hong Kong Lawn Bowls Association to be competed for annually between the different nations represented in the Colony. (Applause.)

Tribute was paid to the work of Messrs. H. Hampton and J. Ramsay in organising the matches in the Open Singles Championship and to the various Sub-Committees for all they had done towards the betterment of lawn bowls in the Colony.

Replying on behalf of Mrs. Southern, Mr. Southern said it gave her much pleasure to attend the function. He congratulated the Lawa Bowls Association on its success during the year and remarked that the greens in Kowloon seemed to be so much better than those of Hong Kong, this being probably due, he said, to the climate and better soil.

After presenting the trophies to the prize-winners and silver spoons to the members of the victorious Kowloon team, Mrs. Southern was herself given a bouquet of flowers by little Miss Jean Hale.

KOWLOON GOLF CLUB'S GYMKHANA

SUCCESSFUL DAY AT KOWLOON CITY

REMEDIOS CLUB CHAMPION

Amid glorious sunshine and under ideal conditions, the Kowloon Golf Club held their Annual Gymkhana and presentation of prizes at the golf course yesterday.

A large gathering of members with numbers of ladies and other guests sat down to tea during the afternoon, after which Mrs. Labrum, wife of the Club President presented the prizes.

In introducing Mrs. Labrum, Mr. V. C. Labrum said:—

Ladies and Gentlemen,—On behalf of the Committee and Members I have great pleasure in welcoming the visitors here this afternoon; the first occasion on which we have been able to provide such excellent accommodation for our gymkhana. This palatial, new building speaks volumes for the hard work put in by last year's Committee, who left no stone unturned in their efforts on behalf of the club members.

Ladies' Activities.

In connection with the ladies portion of this Club, I should like to mention the invaluable assistance rendered by Mrs. John Hunt. We owe Mrs. Hunt a deep debt of gratitude. While talking of ladies I have been asked to make it known that the Committee have approved of the formation of a Ladies Competition Committee, and it is hoped that the ladies will get together at once, as the season is just commencing.

The prize winners are to be congratulated on their success, as well as the losers for the sporting manner in which they accepted their defeat.

Remedios Champion.

I should specially mention our champion, Mr. E. E. A. Remedios who has won the Championship of the Club for the sixth time in seven years. I think this must be a record for any local golf club. I wish he would give me a few lessons and try to eradicate some of my idiosyncrasies. It is also very encouraging for the future of the Club to see the number of junior members who are making such good progress.

In conclusion I must congratulate the winners of this afternoon's events, and the energetic conveners responsible for carrying out the excellent arrangements and, on behalf of my wife I thank you for inviting her here to give away the prizes.

Prize Winners.

The full list of last year's prize winners is:—
Club Championship and Mr. Labrum's Prize F. E. A. Remedios.

Club Championship, runner up, E. D. da Roza.

L.R.C. TENNIS TOURNAMENT

SUCCESSFUL MIXED DOUBLES EVENT

CAPT. CANNON AND MRS. LISSAMAN EMERGE WINNERS

At the social garden party organised by the Ladies Recreation Club on their courts on Saturday, in aid of the Ministering Children's League, Capt. Cannon and Mrs. Lissaman emerged winners out of an entry of 30 pairs. The competitors were divided into groups of ten pairs each, and the winners of each group met one another for the first place. As the most successful pair in their group, Capt. Cannon and Mrs. Lissaman beat Gordon and Miss Thomas, and also White and Miss Griffiths winners of their respective groups. The latter two pairs then played for second place, which went to Gordon and Miss Thomas.

Pairs in each group played one another sets of 5 games, so that Capt. Cannon and Mrs. Lissaman scored 29 games out of a possible of 45 games. The handicap was on the sliding scale, the pair losing one game receiving 15 for the next game, but the maximum handicap was "receive 30."

At the conclusion of the tournament, Mr. Hancock distributed the prizes.

The tournament raised no less than \$150 for M.C.C.L. funds. A further \$20 was raised by the auction of the cakes left over from tea.

Before presenting the prizes Mrs. Hancock said:—

"Ladies and Gentlemen, although no exponent of the game of lawn tennis, I have always been very much interested in it, and particularly interested in the L.R.C., and it was therefore a great pleasure and honour to me to be invited to distribute the prizes this afternoon to the lucky winners of this tournament, which has been arranged under the auspices of this club in aid of the M.C.C.L."

"I think you will agree with me, that it has been a great success. Both from the point of view of the players, and the spectators, and especially financially, as I am informed that the sum of \$150 will be handed over to the committee of the M.C.C.L. as a result of to-day's play."

This tournament, like all similar events, entail a good deal of work and organisation, which usually falls on the shoulders of one individual, and in this case Mrs. Mathieson is the lady we have to thank especially for all the hard work she has done on our behalf. Before distributing the prizes I should also like to thank the Outdoor Sports Co. and Messrs. Sykes & Co. for kindly presenting all the ball. The B.A.T. Co. for cigarettes given as 1st and 2nd prizes who have so kindly assisted in providing the tea, and also the Committee of this club for the arrangements made.

"There was a good response on the part of the players and I think we have all had a most enjoyable afternoon."

Note:—F.S. Caps and Goggles will be worn only when ordered.
(c) Khaki slacks may be worn after evening parade when not on duty.
Pay of all ranks while in Camp will be at the same rates as those of the Regular Army.
W. E. C. Gorman, Captain, Adjutant, H.K.V.D. Corps, Hong Kong, October 14, 1932.

Y.M.C.A. AQUATICS

SUCCESSFUL END TO SWIMMING SEASON

EASTERBROOK WINS AGGREGATE CUP

The final swimming gala was held at the Y.M.C.A. on Saturday night. A Easterbrook, by winning the 50 yards handicap, totalled the most points to win the Aggregate Cup, donated by Mr. Justice Wood.

Fast races, a tug of war, a novelty race and a thrilling water polo game completed the evening's swimming events. Dancing, with music provided by Mickey's Melody Makers, was held in the West Lounge to complete the gala attractions.

Mr. E. F. Sell, sports secretary, in introducing Miss Anne Fowler, who presented the prizes, said, "This gala marks the finish of the swimming season at the Y.M.C.A. It has been very successful one and we are grateful for the support of the contestants, officials and spectators."

Polo teams consisting of F. Webb, J. Henry, J. Jenner, E. F. Sell, W. B. Kerr, G. Fowler and W. Schroeder (Capt.) for the "Blues" and B. A. Angus, W. Stoker, E. Murphy, H. Lange, B. Rasmussen, W. T. Campbell and E. W. Raiton (Capt.) for the "Whites", provided a good game. One spectacular back hand shot by Raiton was the highlight of the game. Schroeder scored all four goals for the "Blues", who won by 4 goals to 2.
W. F. Kerr, V. Critchley, E. F. Sell and B. Rasmussen defeated a team composed of W. Stoker, A. W. Terrible, A. Jenkins, A. Easterbrook and M. Critchley by two pulls to nil to win the Tug of War contest.

RESULTS.

The following were the full results:—
50 Yards Handicap for Aggregate Cup.

1. A. Easterbrook.
2. M. Critchley.
3. C. L. Aris.
100 Yards Breast Stroke.
1. W. Schroeder.
2. G. Fowler.
Time: 1 min. 21 2/5 secs.

Tug of War.

Won by B. Rasmussen's Team. 220 Yards Championship.

1. H. Lange.
2. W. Campbell.
3. E. Raiton.

Novelty Race.

1. C. L. Aris.
2. A. Easterbrook.

Mixed Relay Race.

Won by E. F. Sell's team. Time: 1 min. 30 2/5 secs.

Water Polo.

Won by the "Blues" 4-2.

DIOCESAN GIRLS' SCHOOL

PRIZE-GIVING AND ENTERTAINMENT

Saturday's Prize Day at the Diocesan Girls' School, and a large number of parents and old girls were present to hear the Hon. Dr. R. H. Kotewall, who presented the prizes, address the gathering and to listen to the Report of the Headmistress, Miss H. D. Sawyer.

Among those on the platform with the Headmistress were the Hon. Dr. Kotewall, C.M.G., and Mrs. Kotewall, the Director of Education, Mr. G. P. de Martin, M.B.E., the Rev. W. Walton Rogers, Vicar of St. Andrew's Church, Professor L. Forster, and Mr. S. M. Churn.

The Report.

In the course of her report the Headmistress said:—

"Our prize-giving is generally held in February or March, but this year, chiefly owing to change of staff, we were unable to prepare an entertainment in either of those months.

"The report that you are going to hear read and the prizes and certificates which will be distributed belong, therefore to 1931, and not to this year at all.

"The school opened on January 7 with a full register of 271 pupils. It is with great regret that I report that Miss Walters left for England from furlough and she is unable to receive our thanks for her loyal and devoted service to the school, which spread over a period of nearly 12 years," said Miss Sawyer.

"We have been fortunate enough to have Dr. Minott for a thorough medical examination at the school and I would like to draw attention to a report I have received from her after a re-inspection of girls who had been notified of some physical defect. May I ask all parents to help me in the matter which Dr. Minott has brought forward, and let us do all in our power to protect the eyesight of the rising generation. I feel we all owe a real debt of gratitude to the Medical Officer for Schools, for her keen interest in the physical welfare of school children, and I shall be sincerely sorry when the time comes for her departure. I know she would say the best way to show our appreciation of her work is to try to carry out her advice, and that we can and must do.

"A sum of money has been collected by the D.O.G.A. and invested in gilt-edged securities, the interest from which is to be devoted to a scholarship. This is to be known as the D.O.G.A. Scholarship and awarded to a pupil in Class 4 subject to certain conditions. The scholarship is to take the form of a cheque for \$80 (sixty) to be presented annually at the prize-giving and will be available in 1933. I wish to thank the D.O.G.A. and if I may mention names, especially Miss Robinson, its able President, Miss Anderson, Miss Kacker Gross and Miss Gourdlin.

Dr. Kotewall's Address.

Before distributing the prizes, the Hon. Dr. Kotewall said: "The Diocesan Girls' School is one in which I take a personal interest, for to it I send all my girls for their Western education. It therefore gives me special pleasure to be with you to-day.

"The good work the school is doing is being carried into scores of homes; while the influence which hygiene and discipline will have on the scores of potential families will be of inestimable value to the community. It all goes towards building up a more self-reliant womanhood, which will be of greater use to the community and will make for a greater equality of status between the sexes, thus ensuring happier homes."

The speaker concluded with a warm tribute to the work of Miss Sawyer and of the former headmistress of the school.

School Concert.

An excellent programme was given, all the classes taking their share, and the singing of the school hymn reflected special credit on those in charge of musical studies. Mr. R. Baldwin, A.T.C.L., was at the piano.

Prize List.

The prize list is as follows:—

HONG KONG UNIVERSITY CERTIFICATES.

KOWLOON UNION CHURCH

SUCCESSFUL BAZAAR ON SATURDAY

The Cosmopolitan Bazaar, held at the Kowloon Union Church Hall on Saturday afternoon, proved a great success.

The opening ceremony was performed at 3 o'clock by Mrs. W. T. Southern, the wife of His Excellency the Officer Administering the Government, and, at the conclusion of her speech, Mrs. Southern was presented with a lovely basket of flowers by the little Misses Catherine Lang, Peggy Ferguson and Master George Scott.

Prior to the opening ceremony, a hymn was sung, after which the Rev. E. G. Powell offered a prayer. The Chairman, Mr. J. H. Hunt, O.B.E., spoke of the objects of the bazaar, held under the auspices of the Women's Guild, after which a word of appreciation was spoken by the Rev. Frank Short.

The flag-bedecked hall and decorated stalls presented a gay and animated scene. Mrs. Southern was a keen purchaser among the throng of visitors to the neatly arranged stalls, which included needlework, woolies, novelties, toys, old English lavender baskets, confectionery, ice cream and minerals, and books.

The wishing-well, palmists and coconut shies were kept busy throughout the afternoon.

The Church, Young People and Sunday School also had attractive stalls on display.

LA SALA BOUND OVER

ALLEGED THREAT TO MR. O'SHEA

CHARGE REDUCED TO ONE OF COMMON ASSAULT

The case in which P. de la Sala was charged with threatening to assault Mr. Raymond O'Shea with a knife was concluded at Central Magistrate's Court on Saturday. Mr. Wynne Jones at the outset reduced the charge to one of common assault. He said: "I have considered this case and Mr. O'Shea's evidence and I have come to the conclusion that I should reduce the charge from one of criminal intimidation to one of common assault."

Mr. Leo D'Almada, who appeared for La Sala said: "That being the case, I am instructed by the accused to say that he pleads technically to an assault on the person of Mr. O'Shea on September 20 and I am instructed to say that the facts as stated by Mr. O'Shea are not as stated by him and that the real facts of the case are shortly this:—

Defendant's Account.

When defendant retired from the lavatory of St. Francis Hotel he found that everyone who had been drinking with him in the lounge had gone and he then resolved to go home. He hired a rickshaw and when he reached the Dutch Bank, saw Mr. O'Shea on the footpath. He stopped his rickshaw and hailed Mr. O'Shea and said "I want a word with you." He did tell Mr. O'Shea that if the latter made any more sarcastic remarks or sneered at him again he would give him a licking. That I frankly admit is a technical assault. That being the case he has frankly admitted his guilt and that is the reason why, I believe, Mr. Peter Sin, when the case was first heard, tendered a plea of guilty."

Mr. D'Almada then went on to deal with the story told by Mr. O'Shea and pointed out that if the defendant had drawn a knife and that the two of them had a struggle, it was strange that neither of them was injured.

Mr. D'Almada said that the defendant had had a very good character in the past. He might be a man of violent temper but that was about all.

Addressing the defendant, Mr. Wynne Jones said: "You have pleaded to this charge of assault; and I think the whole trouble is that you are a very hot tempered young man. You must understand that we cannot permit you under any circumstance to carry on in the way that you undoubtedly were doing at the time. Although it has nothing to do with this charge, I must remind you that it has been given in evidence that you yourself boasted of having assaulted some Filipinos the following morning. There is no doubt you have been violent to Major Cassel and you yourself admit that you have been violent to Mr. O'Shea. You are liable to get into very serious trouble if you permit yourself to get into these fits of violence."

Defendant was then bound over in the sum of \$250 to come up for judgment if called upon within the next twelve months.

SOVIET PASSPORT REGULATIONS

REGISTRATION OF FOREIGN SUBJECTS.

The following translation of a memorandum addressed to the British Embassy in Moscow by the People's Commissariat for Foreign Affairs of the Union of Soviet Socialist Republics is published in the Gazette.

The People's Commissariat for Foreign Affairs have the honour to inform the British Embassy that, in accordance with existing regulations, every foreign subject arriving on the territory of the U.S.S.R. must register in the Foreign Department of the local Executive Committee within twenty-four hours of his arrival at the place of his residence.

In conformity with the above-mentioned regulations the passports of foreigners will be endorsed with a registration stamp.

"THE RIVALS"

PROMISING & INTERESTING PERFORMANCE

CHINESE STUDENTS AS 18TH CENTURY ENGLISH PEOPLE

Those who have attended past productions of the Hong Kong University Arts Association, and were present at the performance of "The Rivals," on Saturday evening, were astonished at the great progress made by the players in all branches of dramatic work, under the careful training of Mrs. M. Barker and Mr. Campbell. They spoke their parts clearly and well, and have made remarkable progress in the technique of acting. The evening was, in fact, a real triumph for the two producers.

"The Rivals" is not an easy play. Few plays come under that category, for they are written, not for beginners, but for the most skilled and experienced professionals of the day. And of no plays is this more true than the savage, and not-too-refined comedies of R. B. Sheridan, a hard-bitten politician, and boon companion of C. J. Fox and the Prince Regent. What would Sheridan say if he saw his masterpieces played, as they are constantly played, by School and University students? Probably he would think the same as Dean Swift, on seeing "Gulliver's Travels," as, of all unexpected things, a nursery classic! First he would be angry, then amused, then vastly interested and flattered.

What then did the University students make of this play—an obvious choice for them and yet, on second thoughts a vastly ambitious one?

The Production.

First of all, as to the production. The scenery was of classic severity. A dark curtain for the street scenes, and dark curtains, with a contrast in any way, and the minimum of furniture, for the interiors. This was far more effective than any attempt at realism. The costumes were excellent, and the decorative unity well preserved. The fault was the length of the play. It could have been cut—as these old plays are always cut in modern professional revivals—to meet present-day conventions as to length.

The Acting.

Now to the players. In criticising young amateurs it is no use comparing them with professionals, or even with experienced amateurs, like the A.D.C. players.

These were students learning their job. Acting is not done by light of nature—except by the occasional genius. Donald Anderson, for example, knows what it is to learn to play intertext howling, and in acting it is the same—a matter of practice and coaching, on the foundations of natural talent. One felt about his acting that it was a gallant and promising effort, and, no doubt, in a little while, he will figure as a prominently before the local footlights as on the cricket field.

A point of astonishing interest is the way in which Chinese girls and men adapted themselves to conditions and manners of an age separated in time by over a century and in space by ten thousand miles. The amazing thing was that they fitted into their parts, and were absorbed by them, better, with one exception, than the European players.

The Principals.

Chow Kokik and Katherine Lai gave quite remarkable impersonations of Sir Anthony Absolute and Mrs. Malaprop. They were admirably made up, and in their wigs and satins had obviously transported themselves back to 18th century Bath, he as a testy old rake, the other as a shrew-still at a fascinating age, but both set on hugging the young people. They gave us a real glimpse of that faded and cynical age, with its hint of sadness for so much lost and forgotten.

Yvonne Langley had the singularly difficult part of Lydia Languish—a silly, romantic headed girl of seventeen. Miss Langley played the role with emphasis on the stiffness and artificiality of the period. It was a good performance, the air of composed disdain being well conveyed. And it was a wise rendering, that did not attempt aspects of Lydia's emotions that only an experienced professional could express.

Donald Anderson, as already mentioned, has the makings of a good actor. He is composed and self-assured, if a little inclined to say his part and to remain Donald Anderson. Captain Absolute is a big role, and playing it will give him confidence in his next effort.

Minor Roles.

Among the minor roles there were some capital performances. Reginald Woolley's playing of Sir Anthony Absolute was a youthful Aqueduct. Mr. Acres (a youthful Aqueduct) was in many people's opinion the best of the evening. (Continued on next column.)

FOOCHOW NEWS LETTER

GEN. TSAI TING KAI WELCOMED BY CANTONESE

(From Our Own Correspondent.)

Foochow, Sept. 30.

The month passed off without any change in the political arena. General Tsai Ting Kai arrived and received a tremendous welcome from the Cantonese, of which there are a very large number, not in any way attached to the Army but endeavouring under extremely severe hardships to carry on the commerce of the Port. We are hoping to hear from day to day that the reins of office have been handed over, as with so much delay rumours spread quickly around causing undue excitement.

One important arrest was made when Chan Kuo Fai landed from an aeroplane and was immediately arrested. The stories are legion but I am inclined to think that he is still in the land of the living.

The Boycott.

As the 18th Route Army became reinforced so the Anti-Japanese Boycott Associations profited, by lining their pockets as usual. One man has been knifed and two other men were deprived of a ear each. A quantity of Japanese Piece Goods were taken from various shops and burnt in the street. Other articles such as electric light globes, were smashed.

Rain.

The weather for the whole month has been abominable with rain practically each day, possibly owing to the exceptionally early change of the Monsoon which usually takes place during the latter half of the month.

Personal.

We are sorry to lose Mr. J. C. Roberts of the Hong Kong Bank who has departed on leave, and his place has been filled by Mr. C. J. Lloyd. Mr. and Mrs. Newman have left for Shanghai whether Mr. Newman of the C. M. Customs has been transferred. His successor is Mr. Plumer.

The Season for Kullang has now ended so that the tennis tournament is now in full swing at the Recreation Club.

best effort of the evening. Woolley has a real comical sense. He was Acres. He never allowed his part; he was just a good natured and simple young man in a blue funk. S. B. Tata played up well with him, but as a word of friendly warning, he must not get into the way of thinking that open mouth and eyes are the sole requirements of comedy.

Perhaps the most finished performance was that of Walter Hunt as Sir Lucius O'Trigger. It is not a big part, but an important one, and it is interesting to recall that the partial failure of the very first performance in London of "The Rivals" was due to bad acting in that part. Another nice piece of acting was Choy Wing Kee as Faulkland. What a "Bendley-looking" rake he appeared, in a perfect costume—a sinister and interesting figure. Stanley Broadbridge had the graceless part of the cringing Fag. With what venom is the character conceived—and it needs a real stage-sense to make as good a job as Broadbridge achieved.

Julia and Lucy, two more rather thankless parts, were adequately taken by Phyllis Kwok and Rose Perry. The former "got across" as the proper hussey, and the latter as the little minx very pretty, but with sharp little claws!

Between the acts, musical selections, arranged by Mr. F. Mason, L.T.C.L., A.R.C.O., were rendered, the artists being Mr. F. Mason, Mrs. Griggs, Mrs. Arnold, Mr. H. Leung and Mr. E. Schröter.

ROAD AND RAIL IN GREAT BRITAIN

ONE of the most serious of the problems that confront the modern community is the rate at which new inventions render obsolete plant and machinery in which large sums have been invested. No one believes, of course, that the march of science and invention should be stayed, but the fact remains that such an advance does wipe out immense blocks of capital. The superseded machinery may have been excellent in its way and for its time, but that time becomes shorter and shorter and the scrap-heap higher and higher. The community, as consumer, gains, but often quite considerable sections of that same community, in their capacity of producers, must ruthfully regard the disappearance of large blocks of capital invested in their property.

A case very much in point at the present moment is that of the railways of Great Britain. These are still the finest in the world, and have been one of the principal agencies in building up the great industrial expansion of England in the nineteenth century. For many decades the stocks of the chief railways of Great Britain were among the highest-priced and most sound investment securities. Yet at the present day the ordinary stock of the most prosperous of the British railways stands at only one-third of its par value, and for the other groups the position is worse. The causes of the decreased earning-power of the railways are manifold, but two are outstanding.

First, there is the slump in trade, and, particularly, in the coal export trade. One of the principal items of revenue of the British railways is their mineral traffic. British, particularly Welsh, steam coal is the best in the world, but

the motor-vessel more and more replaces the steamer. At home, the establishment, now nearing completion, of the electrical "grid" system for the distribution of electrical power means that power in the form of coal is moved about the country by railways. But the chief blow to the erstwhile prosperity of the British railway system undoubtedly comes from the competition of motor traffic on the roads of the kingdom. For centuries goods and passengers were carried by the roads; for a century this traffic was transferred to the ironroads, of railways; now, with the advent of the internal-combustion engine, the tide of travel and transport flows back to the "King's highway." As these highways are at vast cost, being widened, strengthened, and improved in every way, there has arisen the problem of "Road versus Rail." One of the factors in the problem is the alleged unfairness of the Road transport being aided by the central government and municipal authorities, through their road-building activities, at the expense of the owners of railway-lines, which are operated under many statutory restrictions imposed by the same authorities.

To deal with this and kindred problems, the Minister of Transport in the present Government convened a conference of representatives of the railways and of the commercial road services. This conference was requested to consider what would be a fair basis of competition between rail and road transport of goods. Its Report, recently issued, is a remarkable document, all the more impressive in that the conclusions of the conference are completely unanimous, such recommendations, when unanimously reached, often lead to legislation, it is interesting to consider the personnel of the conference. The representatives of the railways were the heads of the four great groups, while the four representatives of the road transport industry included the Distribution Manager of the well-known catering firm, Messrs J. Lyons and Co. The Chairman of the conference was Sir Arthur Salter (whence the name "the Salter Committee") widely known for his long connection with the Economic Section of the League of Nations.

The first task of the conference was to examine the incidence of highway costs and to determine their just distribution between the different classes of road users. This was done in order to arrive at an equitable basis of taxation which would ensure that neither the railways nor the roads should enjoy an unfair advantage in performing their respective services for the public. The conference concluded on this question that the users of mechanically propelled vehicles on the roads ought to pay, in the form of licence duties and petrol tax, a sum equivalent to the current annual expenditure on roads, which at the present moment amounts to the net figure of £200 millions. The Committee calculated (Continued at foot of next column.)

CAR OCCUPANTS
HELD UP
AND ROBBED\$1,200 WORTH JEWELLERY
STOLEN

An audacious hold-up occurred on the Taiipo Road, Sham Shui Po on Saturday night, when Mr. Alvares of No. 6 Cameron Road, and Miss Bortello were held up at revolver point and robbed of their watches and jewellery valued at \$1,200.

Mr. Alvares has reported to the police that on Saturday night, at 9.45 p.m., he was sitting in his car, which was drawn up on the side of Taiipo Road near the quarries, in company with Miss Bortello when, without warning, a shot was fired from close at hand. Almost immediately two men approached the car, one being armed with a revolver and the other with a dagger. The men threatened the occupants, and demanded money and valuables.

Mr. Alvares' watch, valued at \$180 was taken, and Miss Bortello lost a diamond ring valued at \$1,000 and a wristlet watch valued at \$80.

Before making off the thieves thoroughly searched the car, but the approach of several Chinese scared the robbers, who turned, and fired several more shots before running away up the hillside. Fortunately no one was hit.

The police are making enquiries and an early arrest is expected.

FRIENDS FALL OUT

RE-UNITED IN COURT.

Before Mr. Schofield at the Central Police Court on Saturday, Leung Lau appeared on a charge of hitting his best friend, Kwan Yuk Ping, with a clay pot.

According to the evidence, Leung struck Kwan first, Kwan retaliated by throwing the clay pot which crashed it into Kwan's face. Injuries resulted.

Leung took Kwan to the hospital to be treated and then went to the police station to give himself up. Leung in Court wearing an Emanuel Raphael Bellios Life Saving Medal. He had earned it, according to the medal, for saving life at sea in 1930.

Kwan was ready to forgive Leung; and did. However, His Worship suggested that they both post a bond of \$50 each to be on their good behavior for one year. He suggested that perhaps Leung should pay Kwan \$3 compensation for the inconvenience that he had caused him, which Leung readily agreed to do. They left the Court arm in arm.

FERRY FARES

SCALE TO AND FROM NEW TERRITORIES.

It is notified that the fares mentioned below shall be the maximum fares which may be demanded or taken by the Hong Kong and New Territories Ferry Company, Limited, for passengers carried in either direction between the undermentioned places or ports of call:

Hong Kong and Kap Shui Mun.—First class, 25 cents; second class, 15 cents.
Hong Kong and Castle Peak.—First class, 30 cents; second class, 20 cents.
Hong Kong and Tung Chung.—First class, 40 cents; second class, 30 cents.
Hong Kong and Tai O.—First class, 50 cents; second class, 30 cents.

that about £224 millions of this should be borne by commercial vehicles—about £24 millions more than they pay at present—and £204 millions be found by private motor-cars and other types of passenger conveyances. No increase is recommended in licence duties for the smaller types of lorry, but the heavy type would have to pay much more than at present. Thus a ten-ton lorry would find, under this scheme, that it would be called upon to pay £220 instead of the present £48. Other important recommendations are made to secure a greater measure of equality between the two kinds of transport, and it is suggested that a Central Advisory Committee be constituted to assist the Minister of Transport in directing the licensing authority.

Marriage in Manchukuo.

In the new states of Manchukuo, Mr. Henry Pu Yi's Government undertakes to regulate marriage. A decree says that no female shall marry under 18, no male under 20. Parents who permit violations will be punished.

"Taxi, Ahoy!"

So great is the steadiness of the latest British liners in a sea that one might often think that one was on dry land.

At least, that is the illusion apparently, which was created in the mind of a passenger on the Empress of Britain recently.

Having lingered perhaps overlong in the smoking-room, he descended finally to a deck below. Feeling that the hour was late and he was far from home, he went to a brightly lit doorway and set up a vague but forceful cry of "Taxi!"

A Curious Superstition.

It is curious the part superstition plays even in shipbuilding. The new French liner Paul Doumer, named after the assassinated President, which is to be on the North Atlantic service early next spring, was to have had three funnels.

Now, in deference to public superstition, it is only to have two. There are Americans who will only travel on a two or four funnel ship. Actually it does not appear to matter very much, in any case, as the vessel is oil driven, they are not used for carrying away the smoke.

Gold Under Difficulties.

An amusing description is given by Mr. Jack Raine of the difficulties he encountered on a desert golf course in the Sudan, where he was making a film recently in company with Mr. Donald Calthrop and Mr. Arthur Chesney.

This course was a nine-hole one, out in the desert beyond Wadi Halfa, and although the club had only ten or twelve members, they were as much sticklers for the rules as the desert would permit.

The greens were made of packed sand, the fairway had to be swept with sacks daily to prevent the wind creating new bunkers. However, with the local Governor, Mr. Ingleson, the trio had some most enjoyable games.

Their only "dog-leg," involved playing round the side of the local prison, a ball sliced into the prison being "for obvious reasons" lost.

A Popular Bishop.

Dr. Swayne will be much missed in the Lincoln diocese when he retires in November. He has ruled his diocese with great success, and has managed to infuse something of his own vitality into his historic diocese. The bishop is best known to the public for his support of dancing, which he considers a civilizing element in village life.

"Irish Colleen."

The Irish colleen on the notes in the new Irish currency is a portrait of Lady Lavery, for it was Sir John who designed the new notes and coins. He could hardly have found a more suitable "model."

The coins bear the images of all sorts of animals connected with the Free State, and very attractive they are. But a boorish English visitor of the sort that should not be let out of the country did not concur.

He was shopping at a little out-of-the-way village, and criticising everything Irish. Finally he said scornfully: "Look! Even your florins have the picture of a pig on them."

The kindly old store-keeper had had about enough. She adjusted her spectacles and said: "Ah! And begob now! And isn't that foine! And I was always after thinkin' 'twas the blessed Quane Victoria herself."

Concentrated Architecture.

"A hundred buildings in one" might be an apt description for the architectural centre opened recently in the West End of London. It has been designed and equipped to show under one roof all that is necessary for the construction of a modern home, factory, office, or institution, from the smallest door-knob and bathroom tap to the latest surgeon's operating table or the most up-to-date method of laying floors and decorating walls.

Ancient Hostelry Reprised.

Swift, Steele, Addison, and De-foe shed some of the lustre of their names on one of London's most ancient hostels, the George and

Vulture, and Dickens gave it immortality by peopling it with many of his best-loved Pickwickian characters. It was, therefore, little less than a shock to hear that this famous inn was doomed, as its lease had come to an end and commercial interests dictated its demolition. The rumour is fortunately erroneous, as the lease does not fall in for another five years, and the present tenant has no intention, if he can possibly avoid it, of allowing the George and Vulture to be swept away to make room for more modern structures. Ardent Pickwickians can therefore draw breath once more.

The Rivals.

Gov. Franklin D. Roosevelt, the democratic candidate for President of the United States is making a "sawing through 30 states" on a special train. His is a re-platform campaign, as contrasted with President Hoover's front-porch campaign. Governor Roosevelt is going in for personal appearances and handshaking. President Hoover is relying on the radio and grows more eloquent each day.

U.S. Educational Industry.

Washington educational figures show that about 25,000,000 pupils will fill American primary, grammar and high schools this autumn. They require 60,000 bus drivers, 238,000 janitors, 27,000 superintendents, 1,038,000 teachers. The public school enrollment promises to be larger, the private school registration smaller than ever. In some sections diminished funds will shorten terms. This is considered neither economy nor good government and as President Hoover put it:—"The first obligation on national resources is undiminished support of the public schools."

"Cock o' the North."

The origin of the title, "Cock o' the North," born by the Marquis Huntly, who presided over the Highland games at Aboyne last month is uncertain, but it is generally ascribed to a French officer in the suite of Mary Queen of Scots during a visit to Aberdeenshire in 1662. The power of the then Earl struck him as far too great for any subject, and he suggested to the Queen that "this cock o' the north should have his wings clipped." The wings were clipped, but the nickname stuck.

Mr. Yu Ya Ching and other members of the committee of the Shanghai Devastated Area Fire Insurance Indemnity Claim Association have submitted a petition to General Wu Te Chen, Mayor of Greater Shanghai, requesting him to devise ways and means to bring about a settlement of the demands made by the policy holders in Chapei on fire indemnity. A group of policy holders intended to call at the fire com-

Looking Back 25 Years.

The sixth ordinary yearly meeting of shareholders in William Powell, Ltd., was held at the Company's offices, Alexandra Buildings, at noon on Saturday, Mr. E. H. Hinds presided, and there were also present Messrs. H. Eyre (manager), G. C. Moxon, H. Jellings, J. A. Seth and J. M. Wong.

The manager having read the notice calling the meeting, the Chairman said: Gentlemen, the report and accounts for the past year's working having been in your possession for some days, I will, with your permission, follow the usual custom and consider them as read. You will notice that the net amount at credit of profit and loss account is \$2,340.97 which is proposed to deal with by writing off stock \$1,500 and doubtful debts \$1,000.10 and to carry the balance forward.—Hong Kong Daily Press, October 17, 1907.

Looking Back 50 Years.

The opium controversy still goes on in England, and the supporters of the Anglo-Oriental Society for the suppression of the Opium Trade are making vehement efforts to swamp the evidence lately brought forward by Sir Rutherford Alcock, Sir George Birdwood, Deputy Surgeon-General Moore, Ayres, and Mr. Brereton to show that the evils of opium-smoking have been grossly exaggerated. One good result has accrued from the efforts of those opposed to the Anti-Opium agitators—the public are gradually learning that there are two sides to a question on which the Society until recently would admit of no controversy.—Hong Kong Daily Press, October 17, 1952.

AN ANGLO-IRISH
FAILUREMR. DE VALERA MAKES NO
CONCESSIONADVANCES "THEORETICAL
CLAIM"

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 16.
THE Anglo-Irish negotiations have
failed.

THE LAST STAGE

The last stage of the abortive Anglo-Irish Conference was a revival of the original proposal for arbitration by tribunal, when it was obvious that a settlement by direct negotiations had failed, but the old difficulty arose as to whether the Tribunal should be drawn exclusively from the Empire proved the final stumbling block. It is understood that the Free State delegates are agreed that their "reasoned case" met with a negative attitude from the beginning.

Contrariwise, according to British political correspondents, the British refused to concede the basic Irish claim that the Land Annuities were illegal.

DE VALERA'S NONSENSE

Mr. de Valera, it is alleged, argued from the novel point of view that under various treaties and agreements, Britain theoretically was indebted to Ireland for a sum approaching two hundred and fifty millions sterling.

Course of the Discussion.

While the Anglo-French conversations on disarmament were proceeding at the Prime Minister's official residence, 10, Downing Street, this morning, important negotiations between the British and Irish Free State Governments were opened near by at the offices of the Cabinet Secretariat.

The negotiations have reference to financial matters in dispute, covering the land annuities and other sums formerly paid to the United Kingdom, which have been withheld by the Irish Free State, amounting in all to about £5,000,000 annually, of which £2,000,000 represents land annuity payments.

The British Government were represented by the Dominions Secretary, Mr. J. H. Thomas, and other Ministers, and the Irish Free State's principal delegate was Mr. Eamon de Valera, President of the Executive Council of the Free State.

The discussions lasted throughout today with a short luncheon interval, and will be resumed on Saturday.

GOOD SENSE FROM
LIMERICK

DUBLIN, Sept. 20.

The Limerick County Council has decided to purchase coal from England, after passing a resolution agreeing not to entertain tenders from German coal firms. Mr. M. Quinn said Germany had treated the Free State very badly in putting a super tax on Irish butter after all the money she had received out of the Shannon scheme contract. He added "If John Bull had got that contract more money would have been left in this country."

GENERAL STRIKE
CALLED OFFCOMPROMISE ACCEPTED IN
BELFAST

[THROUGH REUTER'S AGENCY.]

BELFAST, Oct. 16.
The Trade Unions have accepted the revised terms for outdoor relief. They have declared the proposed General Strike off.

New Scale of Outdoor Relief.

The situation has improved considerably as a result of the decision of the Ministry for Home Affairs to increase outdoor relief from 40 to 60 per cent.

The Ministry has also agreed that the outdoor relief workers who refused to carry on owing to the low rate of pay will be allowed to resume without victimization.

The Corporation of Belfast is assisting in removing the social unrest by providing for additional distress relief works to which the Government of Northern Ireland will contribute half the cost.

How the Trouble Started.

It will be remembered that on October 12, following the riots at Belfast, the Belfast Trades Council resolved to call upon Trades Unions to strike in sympathy with the relief workers but it was not considered likely that the Trades Unions would concur, particularly as the local shipyards were hoping to secure remunerative orders shortly.

The suggestion was made by Lord Craigavon that the rioters may have been inspired by Free State sympathisers or even by emissaries sent from Dublin.

ATTACK ON NANJING

PRELUDE TO MAJOR
OPERATIONS?

[THROUGH REUTER'S AGENCY.]

NANKING, Oct. 15.
The tension at Jehol has been increased in consequence of the action taken by the Japanese troops, who opened artillery fire on Nanjing yesterday morning, according to a Chinese report from Tientsin.

The same report asserts that opinion in North China is divided into two sections consisting of those who believe that the Japanese action is merely in the nature of a demonstration, and those who interpret it as the prelude to major operations.

Another report has it that the Japanese have mobilised six brigades for a vigorous drive against the Volunteers on the Eastern border of Jehol.

ACTIVETWO PASSENGER TRAINS
WRECKED

[THROUGH REUTER'S AGENCY.]

HARBIN, Oct. 14.
SINCE Monday, two passenger trains and one Japanese armoured train have been wrecked and subjected to a terrific fusillade by large forces of "bandits."

The incidents occurred at different points one 343 kilometres to the east of Harbin, one 305 kilometres from Harbin and the third five kilometres further along the line. The three trains were all wrecked, the line having been pulled up.

Attacks Beaten Off.

All attacks on the trains were, however, beaten off by Japanese soldiers, who claim to have inflicted heavy losses on the attackers.

It is reported that several Japanese soldiers and passengers were killed and others wounded, but further details are lacking.

The policy of harassing the Manchukuo Government and preventing them from establishing any semblance of order in North Manchuria is being pursued ruthlessly by the Volunteers, forces, who have rendered impossible communication on the Chinese Eastern Railway east of Iminjo.

LORD LYTON'S OPINION
OF MANCHURIAN SITUATION.

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 14.
His personal viewpoint regarding the work of the League of Nations Commission on Manchuria was given by the Earl of Lytton to-night in a broadcast speech.

Lord Lytton laid particular emphasis upon the interest which was everywhere shown in official circles, in Japan, in China and in Manchuria, regarding the objects of the Mission and he referred with some feeling to the elaborate hospitality afforded them in Manchuria.

"It was difficult," he said, "to avoid being completely exhausted by the daily and nightly banquets given in our honour."

Dealing with the prospects of a successful solution of the Manchuria problem, Lord Lytton said: "The difficulties are still very great, but I am confident that the experience the League has acquired in the last twelve years will enable it to deal with the obstacles and get out them successfully."

LYTTON COMMISSIONERS TO
ATTEND LEAGUE MEETING

GENEVA, Oct. 15.

The members of the Lytton Commission have been invited by the League Council to attend the deliberations on the Report. It is believed this is in accordance with the wishes of the Commissioners themselves, to enable them to expand any points that may be raised.

A very important aspect of this position is that it will definitely associate the United States with the handling of the Lytton Report, because General McCoy, the American member of the Commission, will therefore attend.

LONDON, Oct. 16.
CLAMOUR from several quarters that the Government should profit by the present cheapness of money to relax restrictions on productive public works and development has borne fruit.

According to some political correspondents it is stated that Mr. Ramsay MacDonald has drafted a big plan to raise a loan to relieve unemployment through public works that will be revenue producing when completed.

It is hoped that Mr. MacDonald will make a statement thereof at the luncheon of the National Labour Party to-morrow.

TOKYO, Oct. 15.
TWENTY-FIVE suspects, according to a report from Harbin, have been arrested in connection with the murder of Mr. Woodruff, a grilling examination has revealed that two of them are apparently responsible, including Chang Nan Yen, an ex-soldier who is the leader of a notorious gang of kidnapers.

The Police claim to have found that the same gang was responsible for the attack on the British bankers on the Harbin Golf Course of September 10 last.

It is believed that this gang has some political backing, as recent outrages appear to have been carried out systematically for the purpose of embarrassing the authorities of Manchukuo in their relations with Foreign Powers.

[BRITISH WIRELESS SERVICE.]

RUGBY, Oct. 15.
ANOTHER stage in the progress of Lochaber Water Power scheme has been reached with the completion this week of the Laggan Pressure Tunnel, three miles long and more than fifteen feet in diameter, through which the waters of Loch Laggan and the Spean River will be turned into Loch Treig in Invernesshire, Scotland.

The scheme, which is being undertaken by private enterprise, includes some of the biggest engineering works of their kind ever carried out in Great Britain. It is designed to tap the Scottish Lochs in order to produce electrical energy for the manufacture of aluminium.

When completed the installed plant will have a capacity of 130,000 horsepower, which will operate on a continuous basis. The scheme draws on a catchment area of 303 square miles. The works include three major and fourteen smaller dams, eighteen miles of pressure tunnels and one mile of pipe line and tail race.

Ben Nevis Tunnel.

A striking feature is the Ben Nevis Tunnel fifteen miles long and about fifteen feet in diameter, the driving of which, through granite and schist, was successfully completed in 1920. This tunnel, lined with mass concrete, is the biggest thing of its kind in the British Empire. It carries the water of Loch Treig under mountains to a steel pipe line connected to the power house of factories at Fort William.

Loch Surface Raised 40 Feet.

The damming of Loch Treig will raise its level by forty feet and thus submerge a mile and a half of railway line which has therefore been lifted without dislocation of traffic by forty-five feet. About one thousand men are employed on the construction of the dams and tunnel.

LEAGUE OF NATIONS
OFFICIALSPERSONNEL AGREEMENT
REACHED

[THROUGH REUTER'S AGENCY.]

GENEVA, Oct. 16.
AFTER ten days of differing the League Sub-Committee has reached a compromise on the German proposal with regard to the secretariat reorganization.

It was agreed that no Power should have more than two nationalists in the higher ranks of the Secretariat.

The agreement will be submitted to the final meeting of the Assembly on Monday. It also provides for a French Secretary-General, two assistant secretaries-general to be Italian and Norwegian respectively, and three under-secretaries to be of British, German and Japanese nationality.

Economies.

British pressure is regarded as largely responsible for the economy of 351,531 francs effected in the League budget voted this evening by the Budget Commission, though the budget has absorbed unavoidable items such as 430,000 francs for the World Economic Conference.

Sir Eric Drummond announced that it was proposed to appoint a German under-secretary-general to be in charge of the Economic and Financial Section of the League.

FRANCO-GERMAN
TENSIONMASSIGH'S SERIOUS
CHARGES

[THROUGH REUTER'S AGENCY.]

GENEVA, Oct. 14.
A SERIOUS attack upon Germany by M. Massigli, the French delegate, is alleged to have been made.

It is said that M. Massigli denounced Germany for the secret building-up of arms and armies. It is alleged that he contended that the German police were part of Germany's armed forces and produced photographs showing the police to be in possession of mounted guns.

Report Moderated.

Mr. Massigli has endeavoured to moderate the reports of his speech. He has since explained that he merely used official German data. It is also understood that the full text of the speech will be published in order to clarify the position.

Official reports of Mr. Massigli's speech shows that he insisted on the military character of the German Police, but was not attempting to prove violations of the Versailles Treaty.

A sub-committee has been appointed to decide the countries in which Police are included in calculation of military strength.

German Reply.

Meanwhile, an officially inspired answer which has been issued in Berlin emphasises that the organization and arming of the Police is suited to the aims of the Police Force, but its transformation into an Army would be a technical impossibility.

LONDON COMMUNIQUE

M. HERRIOT SATISFIED

[BRITISH WIRELESS SERVICE.]

RUGBY, Oct. 14.
An official communique issued from No. 10, Downing Street states: "Conversations took place to-day and yesterday between Mr. MacDonald, Monsieur Herriot, and Sir John Simon on the subject of the British proposal for a meeting in which they would participate with Italy and Germany in order to overcome the difficulty which has arisen at Geneva."

"The French and British Ministers agreed in considering that the meeting should consist of the four Powers named and that the best place for such a meeting would be Geneva."

Invitations Sent Out.

The British Government have sought the concurrence of the two other Governments concerned in this proposal. This meeting would have an unofficial and a preliminary character. Its object would be to seek and propose a means by

WITH CRASH

[THROUGH REUTER'S AGENCY.]

BERLIN, Oct. 15.
EXCITING rumours are afloat, following the unexpected Cabinet meeting to consider the storm of protests over the projected rationing of agricultural imports.

The Cabinet dealt, among other things, with a letter from President Luther of the Reichsbank, who, according to newspapers, warned the Government of the impossibility of maintaining the stability of currency unless the quota project were abandoned.

Anxiety was only partly allayed by the official denial that the letter implied a dangerous situation for the mark but it is anticipated that the Government will be compelled at least to postpone the projected rigid control of imports of farm stuffs.

The quota system was the price

paid by Chancellor von Papen's and General von Schleicher's Government for support of the Agriculturalists in the Reichstag. It aroused bitter opposition from industrialists and threats of reprisals from neighbouring countries, however.

SPAIN'S WAR ON
RELIGIONGOV. TO SEIZE CHURCH
PROPERTY

[THROUGH REUTER'S AGENCY.]

MADRID, Oct. 15.
A Bill to regulate Religious Orders in Spain has been submitted to Parliament.

Under the Bill, the Government reserves the right to approve the appointment of high ecclesiastical authorities, and provides that the buildings which have been used for Roman Catholic services shall become national property.

CROTIAN RISING

ITALY REPLIES TO
CHARGE

[THROUGH REUTER'S AGENCY.]

ROME, Oct. 15.
THE assertions by the Yugoslav Foreign Ministry regarding the plot for a Croatian rising are officially denied here.

The allegations referred to an alleged revolutionary plot, in which Italian troops and naval forces were said to be preparing to co-operate, and which, it was said, had been timed for the coming Spring.

It was also alleged that considerable quantities of arms were landed from an Italian submarine on a secluded bay along the Dalmatian coast. These arms, it was said, were being widely distributed among the peasants, who were drilling and exercising military formations.

which the common work of the dis-

armament conference, within the League of Nations, might be effectively resumed.

When the Italian and German Governments were consulted on the suggestion that the Four-Power Meeting should take place in Geneva, the Italian Government at once agreed.

Disappointment and surprise is felt at Germany's unwillingness to accept this proposal.

Although London was mentioned in the terms of the British Government's original invitation, the place of meeting was, in their view, of minor importance, and it is hoped that Germany's present unwillingness to accept Geneva will be overcome.

Apart from this disappointment, it is understood that Ministers were well satisfied with their exchange of views which revealed a mutual and very genuine desire to surmount the impediments existing in the way of real and effective progress with the disarmament problem.

There was, of course, no intention that these Anglo-French conversations should, in any sense, touch on matters coming properly within the sphere of the League of Nations or the Disarmament Conference. The only purpose was to get the latter conference out of the present impasse.

"All is Well."

The French Premier left London for Paris in the afternoon. Before leaving, Mr. Herriot, in an interview, said the conversations were carried on very pleasantly. "We discussed things with frankness and came to conclusions in perfect loyalty to each other. I think I can say all is well."

THE Committee of the Interna-

tional Federation of the Master Cotton Spinners' and Manufacturers' Associations, which has concluded its labours, has passed the following resolutions:—

(1) To appoint a Sub-Committee

to study the effects of tariffs, currency restrictions and quotas upon the cotton industry.

(2) Approval of the recommend-

ations of the Joint Egyptian Cotton Committee of last July deciding to collect information and statistics of the various qualities of Egyptian cotton consumed by the motor-tyre industry.

Testing for Moisture.

(3) Approving the recommendation of the Sub-Committee regarding the uniform method of testing American C.I.F. cotton for moisture.

It was further resolved that such cotton should contain eight-and-a-half per cent. of moisture, and if less than eight per cent., the spinner to pay the difference to the seller, but if the moisture should be more than eight-and-a-half per cent. the seller should pay the spinner the excess above that percentage.

OTTAWA
AGREEMENTSWARM APPROVED IN
AUSTRALIA

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 14.
MR. Stanley Bruce, the Australian Minister Resident in London, expressed confidence to-day that the Ottawa Agreement between Britain and Australia would prove of great advantage to both countries.

The operation of new preferences, followed by the gradual adaptation of the Australian tariff policy to the principles agreed upon at Ottawa, should ensure British industry a preponderating share of Australia's import trade, which, as Britain's action helped Australian farmers to obtain a more satisfactory outlet for their produce, should steadily increase.

OBITUARY

ADMIRAL SIR C. OTTLEY

Rear-Admiral Sir Charles Ottley died at Loch Fyne on Sept. 24 at the age of 73. At the outbreak of hostilities in 1914, Sir Charles was Secretary to the Imperial Forces Committee, and was responsible for the task of organising the transport of the First Expeditionary Force which left Great Britain for France. He held many important posts. As early as 1890 he was appointed Naval Attaché to the Maritime Courts, and served in that capacity in the United States, Japan, Italy, Russia, and France. Later he was Director of Naval Intelligence, Naval Delegate to the second Peace Conference at The Hague, and Delegate to the International Maritime Conference of London.

HON. KATHERINE
PLUNKETOLDEST WOMAN IN BRITISH
ISLES

[BRITISH WIRELESS SERVICE.]

RUGBY, Oct. 14.
THE Honourable Katherine Plunket, eldest daughter of the second Baron Plunket, former Bishop of Tuam, Ireland, died yesterday. She was born in November, 1820, and was the oldest woman in the British Isles.

ANNA OF SOUTH AFRICA

DEATH OF NATIVE WOMAN
AT AGE OF 110 YEARS

PORT ELIZABETH.
The death has taken place in the Pearson Location of Anna Alexander, at the age of 110 years. At the emancipation of slaves in 1834 she was 11 years old. Her mother was a native from the West Coast of Africa, being sold in South Africa during the first British occupation, 1795-1805. Thus, old Anna was born a slave and was able to relate many interesting stories of the olden times.

A few days before her death she was still able to wander about without assistance.

WILD LIFE WINS ST. LEGER

NAVY HALL SECOND; WHITE JADE STAG THIRD

FAVOURITES DAY IN MACAO: WHOOPEE PAYS GOOD DIVIDEND IN SECOND RACE

[By "MORNING DEW"]

The Macao St. Leger, although it drew only three starters provided quite an interesting race, but, as generally anticipated Wild Life proved too good for the rest of the entries.

The race meeting was held in glorious weather and favourites generally had things very much their own way. In the second race, Whoopie came in under Mr. Carroll and paid his supporters \$37.70.

The Machine Gun Troop Race went to Honslan, ridden by Mr. Butler.

BIG DIVIDEND IN LAST RACE

Mr. Caplan riding New King, brought off the biggest upset of the afternoon and paid a dividend of \$100. The favourite, Pure Music, ridden by Mr. Frost, after leading all the way, was passed before the straight was reached and only managed third place.

The Pottish Handicap.

Venturous (S. Y. Laing up) was a hot favourite for the first race and in spite of the fact that he was carrying top weight, he won easily. Whitehall made the pace but was unequal to it in the straight and was passed by both Venturous and Guiding Star.

The Kulling Handicap.

In the second race, over six furlongs, after fighting blood has caused a good deal of trouble at the start the field got fairly evenly away. Whoopie drew ahead early on and won by three lengths holding down all challengers in the straight. Gallant Fox, the favourite, managed to get into second place and Estrellita nosed out Valley Hall for place money.

Machine Gun Troop.

Aided by a flying start Honslan (Mr. Butler up) won the Machine Gun Troop race by three quarters of a length. The pony led by several lengths at the outset, but drew so rapidly in the straight that he never got beaten. Cupid, after winging with a bad start most of the way came up with a big rush to take third place, White Stars being second.

The Peking Handicap.

Workable Stag was well backed to win this race and he won it in a handsome finish. Answering Mr. Frost with every stride the pony passed three rivals in the furlong to win by three quarters of a length. Ajax and Punch put up a good race in the straight and the former took second place by a head. Wembley Stag was fourth.

Macao St. Leger.

As generally anticipated Wild Life (Mr. Pan) won the Macao St. Leger without much effort. Navy Hall (Mr. Soares) finished second and White Jade Stag (Mr. Frost) finished third. White Jade Stag set the pace early on and Wild Life was content to remain within three lengths of him for the first six furlongs. Navy Hall, meanwhile, remained some five furlongs behind the favourite.

A quarter of a mile later Mr. Soares sent up Navy Hall and the pony closed the gap between himself and Wild Life, when five furlongs from home. The three ponies were together half a mile from home, and then Navy Hall drew out, leading into the straight with Wild Life a length between and White Jade Stag gradually falling back.

Wild Life won as he liked in the straight and Navy Hall managed to put five lengths between himself and White Jade Stag at the finish.

Hanking Handicap.

This race for novices fell to Golden Arrow, with Mr. Noronha in the saddle. Ochu, one of the big favourites just managed to get into third place while Powerful King, a comparative outsider, filled second place. Mr. H. Botelho on San Francisco made all the running and was not passed until the home straight, when he faded away rapidly.

ARGYLL'S FAREWELL

H.K.S. Bds. v. K.I.T.O.

The Hong Kong and Singapore Brigade, R.A., easily beat the Kowloon Indian Tennis Club on Saturday afternoon on the Marina ground.

They scored six goals in the first half, and added another four to their total in the second.

Incognitos v. German Club.

The German Club were defeated at Caroline Hill on Saturday by the Incognitos team by 8 goals to 1.

In the second half R. C. Reed at centre-forward played well. He scored three goals in quick succession whilst E. V. Reed, the Captain (2), and A. P. Sousa also scored. Muller scored the only goal for the German Club in the second half.

Y.M.C.A. "A" v. A. and S.H.

Playing their farewell game in Hong Kong, the Argyll and Sutherland Highlanders were defeated by the Y.M.C.A. "A" team at King's Park by two goals scored by Fowler and Wilson.

Varsity TROUNCE K.I.T.C.

The University Hockey Team won their second Mamak encounter yesterday afternoon, when they defeated the Kowloon Indians to the time of 4-2. The undergraduates had most of the game; their forwards being particularly good. P. G. Tang, K. T. Loke and E. L. Foo played well for Varsity.

LEAGUE CRICKET

POLICE R.C. DEFEAT I.R.C.

Saturday marked the opening of the Cricket League when the Police R.C. defeated the Indian R.C. at Happy Valley by 20 runs.

It will be recalled that the Indians have lost to the Police for the last two seasons, so that result was not altogether a surprise. The Police batted first and it must be admitted their opening was promising to their opponents, five batsmen being dismissed for 13 runs! Nevertheless the Indian eleven were balked by Carey and Loughlin, each standing for 30. But it was their bowling that won the match for the Police, Hunter taking five wickets for twenty-five runs.

FRIENDLY MATCHES

I.R.C. v. Oraigengowor C.C.

In a low-scoring game at Sookun-poo, the Indian R.C. 1st XI played a drawn game with the Oraigengowor C.C. 1st XI. Good bowling by R. Lee and L. Hubbard, kept the Indians' score down to 92, of which A. A. Rumjahn made 50 not out.

In spite of the low score against them, the visitors failed to make the runs in time and when stumps were drawn, they had 80 up for the loss of seven wickets.

K.C.C. v. University.

At Pokfulam, the Kowloon C.C. 1st XI defeated the University 1st XI by five wickets. Scores: University, 102; K.C.C. (for 9 wickets), 182.

Inter-Club Match.

An inter-club game was played on the H.K.C.C. ground. Mr. A. W. Hayward's XI lost to Mr. E. J. M. Mitchell's XI by two wickets. Scores: Hayward XI, 116; Mitchell XI, 186.

K.C.C. v. University Seconds.

At King's Park, the University 2nd XI were defeated by seven wickets. Batting first, they were all out for 43, and K.C.C. 2nd XI knocked up the required runs for victory with seven wickets in hand.

ROYAL NAVY BEAT UNIVERSITY

The Royal Navy cricketers showed great form at Pokfulam yesterday afternoon, when they beat the University by 65 runs. Mason and Crossfell both played well for the visitors. The Varsity team was considerably weakened by the absence of their skipper R. M. Rodrigues, who was with the Varsity hockey players at Marina Ground. The Vice-Chancellor (Sir William Hornell, M.A., C.I.E.) was among those present at the game.

CUNARD HOUSE

LONDON'S UP-TO-DATE BUILDING

London, Sept. 27.—The new £1,000,000 building named Cunard House, the home of the Cunard Steamship Company. The Anchor Line and Commonwealth and Dominion Line in Leadenhall Street, London, was opened on Sept. 26.

It is an imposing white building of 8 stories, and is built in the modern simplified Renaissance style. It is heated by hot water radiators, besides which there is a system for fire heating. Fresh air is pumped into the building.

A method of vacuum cleaning has been installed by which dust from any part of the building is sucked through pipes into the basement and delivered direct into containers for removal. The building is served by lifts with a speed of 400 ft. per minute, and is said to be the fastest in London. There are also chutes from all the floors and every room is provided with a synchronised electric clock.

Efficiency and Economy.

Mr. H. W. Corry, chairman of the Cunard House, Ltd., in the course of his speech, said that the new structure was to promote efficiency and economy.

"The plan of the new offices was started before the plan for building our new liner 334 was conceived," he said, "we don't want you to think we began an expensive scheme during bad times." As far as possible, only Empire material has been used in the building.

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONG KONG.

"Atonement" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday, October 16.

The Golden Text was: "I and my Father are one." (John 10: 30.)

Among the citations which comprised the Lesson Sermon was the following from the Bible: "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. And all things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation." (II Cor. 5: 17-18.)

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health, with Key to the Scriptures," by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage." (P. 18: 1-5.)

FAMILY MURDERED

GHASTLY TRAGEDY IN CEYLON VILLAGE

Colombo.—A ghastly stabbing orgy, resulting in the loss of six lives, is reported from the village of Horampella, near Gampaha. The local magistrate who, on receiving information of the tragedy, hurried to the scene, entered a building said to belong to one of the victims.

He found the corpses of the father and mother of a family, and their son who had a hideously gashed head. The body of the young daughter of the house was found some little distance away from a deep gash in the temple, while at a small shop near by the bodies of two men were discovered in a pool of blood, both with gaping wounds in the head. A man has been detained by the police on suspicion, pending further inquiries.

AT THE QUEEN'S
BUSTER KEATON AT HIS
BEST

Buster Keaton, Jimmy Durante and Polly Moran head a big cast in "The Passionate Plumber," which opened yesterday at the Queen's Theatre.

The plot concerns the hilarious adventures of Keaton as a French plumber's assistant who gets into all sorts of difficulties when he attempts to repair a lady's bathtub. He is signed to a contract by the lady of the house as a "volunteer lover" and many embarrassing mix-ups occur before things are straightened out to everyone's satisfaction.

Among the comedy's highlights are the plumber's riotous duel with the villain, his ingenious method of gaining admittance into an exclusive gambling resort, his exploits in keeping the heroine from running away with her fickle lover as per his contract, his impersonation of a doctor when caught in the heroine's bedroom in a compromising position and a hilarious quarrel in which the bill for broken dishes must have run up to appalling figures.

"Keaton has never been in a more diverting role and the antics of Durante and Miss Moran are ably supported by the work of Irene Purcell as the heroine, Gilbert Roland as the villain and Mona Maris as the "other woman."

— EDGAR WALLACE
THRILLER —

COMING TO QUEEN'S
THEATRE

A trade notice states:—
"There is no shadow of doubt that Aisha Crane, who is affianced to the young Lord Lebanon, heir to a great estate and just of a famous line, is distinctly frightened. What is it that frightens her; impels her to consider leaving Marks Prior and the opulent future it offers? The prospect of becoming 'her ladyship' seemingly does not enchant her; she is terrified by something malignant that overshadows the ancient house, and is beclouding the life of the peer she is to wed."

The girl cannot probe that secret, a secret which the strong-willed dowager Lady Lebanon hides from the world, a secret which Scotland Yard ultimately wrests from her—but at what a cost!

What Aisha cannot fathom is how easily the perpetrator of two determined murders evades detection. It must be someone within the walls of Marks Prior, that ancient seat of the Lebanons. But whom? Step by step, this Edgar Wallace thrill-drama reaches its grim and unexpected climax, a climax that is a masterpiece of ingenuity and thrill, an ending that not even the most seasoned film lover could have foreseen. "This," said one of our leading dramatic critics, when "The Case of the Frightened Lady" was first produced at Wyndham's Theatre "is Edgar Wallace at his very best." The film version will be found even more thrilling and fascinating than the play.

Directed by T. Hayes Hunter, the cast includes Cathleen Nesbitt, Norman McKinnel, Gordon Harker, Emily Williams and Belle Chryswall. The picture will be the next attraction at the Queen's Theatre.

"HEAVEN ON
EARTH"

RIVER DRAMA AT
ORIENTAL

A trade notice states:—
Low Ayres is no longer self-conscious when he is working before the camera. "In my first picture," said Low recently, "I was so terribly self-conscious that I seemed to be all hands and feet. My second engagement, several months later, was with Greta Garbo. I continued at foot of next column."

"CONGORILLA" AT
THE KING'S

MOST AMAZING FILM EVER
SHOWN

AUDIENCE HELD SPELL-
BOUND

A Trade Notice states:—
Gorillas in mortal combat, a pygmy courtship, wedding and honeymoon with huge elephants, ferocious lions, mad rhinoceri and other wild beasts as witnesses, a white woman narrowly escaping death from a charging rhino, a river alive with floating islands of flesh and slithering reptiles, the capture of two kings of the apes and hyenas menacingly teasing a lion and his kill. These are just a few of the unparalleled thrills and sights revealed by the jungle picture, "Congorilla," made by Mr. and Mrs. Martin Johnson who also appear in it. Incidentally, it is the only talking picture ever entirely taken in the African jungle.

The audience screen has never beheld so sensational a spectacle as that which "Congorilla" can boast. When the Johnsons are not battling man-eaters they are battling the elements. When the elements are conquered, new menaces lurk in their path. Sounds, weird penetrating, that humans have never heard, yesterday held King's Theatre audiences spellbound.

Drama and romance of sort no author could ever hope to create play outstanding parts in "Congorilla." The backdrop of civilization is battered down and beyond it one sees sights no human eye has seen before. A civilization alive with menaces a million years old. Three-foot humans and eight-foot monsters! A grotesque race of humans, pawns of the jungle, shunning the sun—and never seeing it.

While the revelation of the gorillas' haunts furnishes a feature that the spectator will never forget; the Johnsons' seven-month stay among the pygmies of the Itura Forest provides moments, memory of which will be enhanced by time. These pygmies afford dramatic studies that contribute importantly to making "Congorilla" entirely different from any sound picture shown on any screen to date.

Not a phase of the native life or these tiny humans is overlooked. There were births, deaths and weddings during the Johnsons' sojourn with these little people. And there are thousands of them appearing in "Congorilla." You see them talk, sing, dance and trying to imitate their white guests. Their every secret, hidden from civilization for centuries, is exposed in this picture.

"Congorilla," now showing at the King's Theatre, is without doubt the most amazing and thrilling ever shown on any screen.

Up in "The Kiss," and before the picture even started, I became decidedly numb every time I thought of the coming ordeal. And then came the first day of filming. To add to my confusion, I learned that my first scene was to be a tender love passage with the great Garbo herself.

"Over in a corner of the stage, I considered this with a sort of terror for a few minutes, and then all self-consciousness suddenly left me. It had literally been seared out of me. I lost it because I simply had to lose it. I have never since been self-conscious in front of a motion picture camera."

Ayres comes to the Oriental Theatre to-day, as the star of his latest Universal picture, "Heaven on Earth," a colourful Mississippi River drama in which Low plays the role of a "slightly-better" of the South's "White trash," directed by Russell Mack.

REAL WAR MEDALS
AT HOLLYWOOD

SOLD BY HARD-UP
VETERAN

The symbols of valour and heroism, the medals bestowed upon the brave by countries in the World War, have been sacrificed on the auction block of need and hundreds of them will be worn on the breasts of motion picture superstars, it was recently learned in Hollywood.

More than 1200 military decorations have been garnered from all parts of the world by Paramount for the use of players appearing in uniforms. A shipment of 100 Croix de Guerre arrived in Hollywood from New York recently.

Everyone of them is real and they were bestowed upon men at impressive ceremonies during and after the war. A Croix de Guerre given for wiping out an enemy machine gun nest, one for carrying a wounded officer to safety, another for bringing down an enemy airplane, are among them. Some of them were sold by the families of soldiers who died in action. They always have been the last treasure given up in a fight against poverty.

The decline in the money value of medals fourteen years after the war made it possible for Paramount to secure the French medals for \$1 each. The stars and the palms for additional citations for bravery cost twenty-five cents each extra.

The establishments where war crosses are made are forbidden by law to sell them even for theatrical purposes. It was explained.

Some of these medals and many Italian ones will be used in "Freddie March and Helen Hayes." Among the Italian medals owned by the studio are the Military Valour medal, one so rare that there were only twenty-six living holders at the time of the Armistice in 1918; the War Cross which was given to 300 of the Americans who served in the Italian forces; the Military Order of Savoy and the Order of the Crown of Italy.

GOSSIP
&
FACT.

Barrymore Brothers.

The Barrymore brothers, John and Lionel—the first is mentioned first because he acquired fame first, but never won the Motion Picture Academy Medal—have been cast together in the engrossing mystery film, "Arsene Lupin," the one a thief, the other an officer of the law. John steals the famous Mona Lisa. It will be recalled that six millionaires actually purchased copies of it, thinking them real. At any rate Lionel sets out to find the film crooks and recover the picture. John kidnap his daughter, while Lionel falls in love with a police spy. And the plot thickens. Henry Armetta, James Mack and Mary Jane Irving are competent in the supporting parts.

Gold Hair and Black.

Incidentally it is interesting to note that black-haired Hugh Williams has been chosen to play opposite Gladys Cooper in the new play, "The Fire Bird."

He will certainly provide an effective contrast to her golden fairness in their love scenes.

Ann Dvorak.

Miss Ann Dvorak, the film actress, and her husband, Mr. Leslie Fenton, arrived at Southampton in the Olympic a few weeks ago.

Miss Ann Dvorak is the film actress who is reported to have left Hollywood because she was dissatisfied with her treatment. "It is quite time to leave now that I have been offered £200 a week to appear in films in England, while I am getting merely £50 a week in Hollywood," she told a London reporter. "But I am under a seven year's agreement with Warner Bros., and so far I have only served one year."

"Unless my lawyer finds a way out I shall have to return to work for the other six years."

She went to England for a holiday.

New Hubert Film.

"Love on wheels," Jack Hubert's newest picture, is a comedy romance, with music by Jean Gilbert. Jack is a shy shop assistant who admires from afar a beautiful damsel occupying daily an adjoining seat in the Bushey to Oxford-circus Green Line bus.

Gordon Harker as a kind hearted bus conductor, does his best to help on the romance, which is not all plain sailing, because the girl is rich and the prospects of our hero not so good, especially when he gets the sack from his job at a famous Oxford Street store.

A CALCUTTA DINNER

CASTE HINDUS SIT WITH
"UNTOUCHABLES"

Calcutta.—A mixed gathering of about 500 caste Hindus, men and women, and "untouchables" participated in a dinner which was held at the Arya Samaj Hall, in Cornwallis Street, Calcutta.

The object of this inter-caste dinner, it was stated, was to advance the cause of the removal of untouchability. Four hundred tickets were sold to the public and 150 persons belonging to the "untouchable" classes were invited to join the dinner.

The arrangements were excellent and good fellowship prevailed.

KADAKORAM EXPLORER

FAITH CURE IN CHINESE
TURKESTAN

Simla.—The repeat lecture here by Mr. Visser, Consul General for the Netherlands, on his Karakoram explorations, was a greater success even than the first.

The lecturer testified to the remarkable efficacy against illness of the pills made of nothing but their ordinary bread which his hosts in Chinese Turkestan gave to all their ailing visitors whenever they might be. Faith did not move the Karakoram mountains but certainly banished such ill-effects as they had on the explorers' health.
